

Sport Aircraft Risk Management

At this event we will look at the statistics and risks associated with the certification and operation of both amateur built and light sport aircraft. We will also discuss what actions pilots can take to reduce the risks and increase the safety record in the sport pilot aviation community. This event is open to EAA Chapter 1250 members and their guests only.

Directions: Go to EAA Chapter 1250's hangar off of Airport Road on southwest corner of airport.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
